2026-2027 SETX High School Fishing Association

Rules, Guidelines, and Expectations

The SETX board and its advisors expect strict adherence to the following rules by all contestants. In the event of an emergency, please call 911 first and then notify the tournament director.

1. INTERPRETATION & ENFORCEMENT • These rules will remain unchanged during the 2026-2027

school year. Interpretation and enforcement of these rules will be left exclusively to the tournament director and or an executive board member. Decisions of the tournament director are final in all matters and are not subject to appeal. Each contestant and coach agrees to report any rule violation to the tournament director immediately upon discovery of the violation. Failure to report violations may be cause for disqualification. The violation of a tournament rule may result in weight loss (late penalty, dead-fish penalty and short-fish penalty), the loss of weight up to a particular time in the tournament day, the loss of weight for the entire day, disqualification from the entire tournament or, in an extreme circumstance, ineligibility to participate in future High School Fishing tournaments. If a Team is under review of a rules violation, the respective Club will be also reviewed and put on notice. Protests are to be made in writing within 30 minutes of the check-in time of the final flight of each tournament day.

school or club. Any special circumstances must be approved by the tournament director and board president prior to the tournament beginning. Tournament officials reserve the right to reject any application to fish for any reason whatsoever. Eligible angler is a student passing ALL classes and in good standing with their respective school district. Grades will be reviewed and eligibility awarded using the process the schools already have in place for sports and activities. Student anglers are required to fish for the school which they attend. Should a student transfer within the SETX season, the student must participate with the school he/she has transferred to if that school is an SETX member and follow all applicable rules and guidelines within the club and member school. All previously accrued points will be lost in the transfer. In the event that their school does not offer a high school fishing team, they are permitted to fish with the closest geographically located school that offers a team and allows students outside of that school district to participate with their club.

Anyone wishing to be considered boat captain that has paid more than this amount to enter a tournament within the past calendar year must be approved by the tournament director. The contestants may operate the trolling motor. Coaches may provide assistance, including information about locating and catching fish. Each boat must have a clearly legible "maximum capacities" (or comparably labeled) placard that includes a maximum horsepower rating affixed to the boat by the manufacturer. The maximum horsepower of the outboard engine must not exceed the maximum horsepower capacity specified on this placard or any horsepower limit set forth by SETX. By signing the entry form, contestants and coaches agree to submit their boat and/or motor to an inspection by tournament officials. Falsifying information on entry forms or altering the horsepower numbers on the motor or rating placard will be cause for disqualification from the tournament and may result in ineligibility to compete in future High School Fishing tournaments. Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition. Fuel may be carried only in factory-installed (built-in) fuel tanks or auxiliary fuel tanks that are securely strapped or otherwise fastened to the boat. Tiller and stick steer boats are not allowed.

11. PERMITTED FISHING METHODS • Fishing is defined as having a lure attached to a line and a rod and reel with the lure in the water. All bass must be caught alive in a conventional sporting manner. Only artificial lures may be used, with the exception of pork trailers and biodegradable soft baits. Only ONE fishing rod per contestant may be used at a time. Students must initiate and complete every cast in order for a catch to be considered legal. Trolling as a method of fishing is strictly prohibited. All bass caught while sight-fishing must be hooked inside the mouth and immediately shown to your coach for verification.

An anchored boat is a boat held in a stable position by a line attached to a weight or by a Power-Pole or similar shallow water anchor with the trolling motor in the up position. The use of cables, ropes, chains or any type of block and tackle system to maneuver a boat into fishing waters is strictly prohibited and will result in disqualification from the tournament. All restarts will be solely at the discretion of the tournament director. It is the sole responsibility of teams to locate the tournament director to request a restart. 16. SCORING and PAYOUT • Scoring is determined by the final weight of each team's catch during each tournament. Only large mouth, spotted, red eye or smallmouth bass are accepted species. The tournament limit is five bass per team. Teams possessing more than the tournament limit will have their catch to that point in the day disqualified and, time permitting, are eligible for a restart from the takeoff location. Only large mouth, spotted, redeye and small mouth are accepted species. The daily limit shall be (5). After possessing the daily limit, contestants must cull immediately upon their next catch. The minimum length for all bass is 14 inches. Bass presented for weigh-in that fail to measure the prescribed length limit will be penalized at the rate of 1 pound for each short bass presented. Each team's catch must be presented in an official weigh-in bag, not a personal weigh bag. The winning team is determined by the day's heaviest catch.

21. TRUTH VERIFICATION TEST • Each contestant and boat captain agrees to submit, by signature on the tournament entry form, to a polygraph or voice stress analysis examination and to

abide by its conclusion. Failure to pass a SETX administered examination on site will result in disqualification from the tournament. Truth verification tests will be used at the sole discretion of tournament officials, and the determination of the meaning of the results will be made solely by tournament officials.

22. INSURANCE • Liability insurance with coverage in the amount of a minimum of \$300,000 (combined single limit) is required on all boats used in High School Fishing tournaments.
